

Burgan Banking App (Tijarati)

Burgan Bank introduce “Tijarati” the first of its kind Platform in Kuwait and GCC market. “Tijarati” is a Merchant Business Management Platform. This app provides real time tracking of your business through secured Web-based and Mobile App platform facilitating a 360 degree view of your daily transactions with real time updates, inbuilt reconciliation and informative dashboard.

Burgan Bank provides “Tijarati” Merchant Dashboard for Analytics, Insights and Metrics where the Merchant can see a comprehensive dashboard for the total business volumes when login, starting from the Consolidated view on all transactions all the way down to the TID (Terminal ID) including the following:

1. Interactive Dashboards & Business Insights including:

- Sales Counter: Total successful transactions authorized for the day in real-time
- Debit Card / Credit Card: Split of Total Successful Transactions for Debit and Credit cards by count and amount
- International & Domestic Cards: Split of Total Successful Transactions for Domestic and International cards
- Contactless Share: Contactless transactions as percentage
- Performance: Time-series graph of Merchant performance on card transactions
- Campaigns: Burgan Bank’s Campaign(s) for the merchant
- Credits and payment details: Total Credits to merchant’s Bank account with Break down by location, network type (Visa, Master, K-net, GCC)
- Total Settled Amounts for the day.
- Smart summary for today or any day in the past

2. Real-time Business Update:

- Summary of Total Failed transactions by count and amount
- Summary of Total Void transactions by count and amount
- Summary of Refund transactions by count and amount
- Multi-Account Consolidated View: to view consolidated accounts transactions
- Multi-Brands Consolidated View: to view consolidated brands transactions in all locations
- Multi-location Consolidated View: to view consolidated shops transactions in all locations
- Location-level Drill Down: to view the shops transaction in each location separately

3. Reporting Tool: Easily generate and download reports based on your needs:

- Transactions Report
- Settlement Reports
- Custom Reports

4. Merchant Engagement Platform for Badges, Awards and Trophies to encourage Merchants to achieve their sales targets through set campaigns which includes:

- Multiple Merchant Campaigns on a Gamified Platform
- Badges, Awards and Trophies
- Ability to Share with Community and Social Media
- Reward interface: Display gained points, cashback, vouchers
- Badges for each challenge level achieved

5. Profile Summary view: Easily view your Profile earnings:

- Total Cashback earned
- Won badges
- Star location for your shops who achieved the sales target
